4. Purchase an HDTV Antenna (local channels) Antennas range from \$7 up. You can purchase an indoor or an outdoor antenna.

- 3 Things You Need
 - A television with a digital tuner (any TV manufactured after March 2007).
 - Find the right antenna for your location. Here are links to a couple of sites with helpful information:
 - www.antennasdirect.com/transmitter-locator.html
 - www.fcc.gov/media/engineering/dtvmaps
 - The knowledge of broadcast tower locations in your area. Point your antenna toward them and enjoy FREE television.

*Pricing and programming subject to change. Refer to provider website for most current information.
